Company Name | Rocking Tech

Junior Frontend Developer

During my 6 months at Rocking Tech, a company specializing in web solutions for creative brands, I worked on 5 projects with a focus on frontend development using Vue 3, Sass, and JavaScript.

My role included:

- Fixing bugs and debugging Vue 3 and Laravel projects.
- Developing and integrating sliders, filters, and contact forms.
- Migrating functionality from WordPress to Vue 3.
- Enhancing code efficiency and creating adaptive layouts with BEM methodology.
- Utilizing build tools like Vite/Webpack and handling server-side tasks with PHP, Laravel, Docker, and MySQL.
